President's Report

Welcome to the second issue of Sterilization in Australia for 2015.

SRACA NSW is holding the 2015 State Conference at the Hunter Valley on the 8th, 9th & 10th of November 2015. We have a great program at the Mercury Hunter Valley Gardens. Hope to see you all there.

We have more info on the annual WFHSS 16th World Sterilisation Conference 2015 held in France in the next issue.

The WFHSS 17th World Sterilisation Conference in 2016 will be held in Brisbane, flyer attached in this issue of the journal. However our National Conference for 2018 will be held in Sydney.

Just to remind our members that the Journal is an online issue starting this year, hoping to move with the changing times.

Like to congratulate all sterilising students in completing the sterilisation course for 2014. In particular 2 top students that were awarded the \$100 prize & free 1 year's membership to SRACA NSW, Rosauo Ocampo & Giovanna Dimovski.

In memory of Paul Bishop Whitely Medical has awarded 20 top sterilisation graduates for 2014, a 1 years free membership to SRACAC NSW. There is more info on Paul & the graduates in this issue of the journal.

To all members don't forget to renew your memberships.

Regards

George Papadopoulos

Call for Papers S.R.A.C.A Conference 2015

Sterilizing Research Advisory Council of Australia (NSW) Inc.

Call for Presentation Papers and Abstracts

8, 9, 10th November 2015

Closing Date 28th August 2015

The Sterilizing Research Advisory Council of Australia NSW (SRACA NSW) invites you to present at the Annual Conference on the 8th, 9th & 10th November. The conference is supported by various industries associated with the reprocessing of reusable medical devices.

Aims:

The aim of the 2015 SRACA NSW Inc. Conference is to bring colleagues together to expand their knowledge, exchange ideas and stay up to date with new and emerging technologies to ensure staff and patient safety. Our conference theme this year is: *"From Then Till Now and Beyond"*.

Our Objectives:

- To disseminate to Sterilisation practitioners changes and trends of the new ASNZ4187
- To provide stimulating, motivational and diverse speakers that relate to the Sterilization industry.
- To provide delegates with knowledge of new and emerging technologies.
- To enable valuable networking and exchanging of quality initiatives with their peers.
- To embrace change with confidence.

Key Dates:

- Closing date for receipt of Abstracts and Speaker Profile Form is: Friday, 28th August, 2015
- Presentation acceptance with additional information will be sent by: 30th September 2015
- Copy of the Presentation must be submitted no later than 7th October, 2015 for the SRACA committee to review.
- Soft copy of presentation to be provided by 22th October for review and IT uploading.
- **Presentations must not be brand specific or demean other companies.**

Please send your **Expressions of Interest for the 2015 SRACA (NSW) Conference**, Speaker Profile Form and Presentation Summary to Secretary of SRACA NSW. P O Box 71, Missenden Road Camperdown 2050, or email George Papadopoulos,

papadopoulosg@ramsayhealth.com.au or Lynne Noring, Lynne.Noring@sswahs.nsw.gov.au

Call for Papers S.R.A.C.A Conference 2015

Time allowed for each Paper will be 30 minutes with 5 minutes for questions.

Aesculap Consultancy

175
YEARSB|BRAUN
SHARING EXPERTISE

What is Aesculap Consultancy?

Aesculap Consultancy is a customised solution which is designed to deliver substantial cost savings, quality improvements and efficiencies to public and private healthcare groups.

The **Q**uality, **I**nnovation, **P**roductivity and **P**revention (**QIPP**) challenge is our opportunity to partner with you to improve the quality of care you provide to patients in today's challenging economic climate.

Why Partner with Aesculap Consultancy?

B. Braun manufacture the world leading range of Aesculap surgical instruments, sterile container systems, power tools and endosurgery products.

This foundation and our unrivalled expertise in project management offers a unique ability for us to partner with healthcare groups to assist in maximising your operational capabilities.

Areas of Expertise

Inventory Analysis

We understand in the present financial climate the difficulty in identifying the capital for new instrumentation. Often additional investment is required

due to proposed increase in surgical activity, replacement of instruments in poor condition, transfer of reprocessing to a new location or a move to containerisation.

Set Optimisation

Re-evaluating the contents of your theatre trays can not only potentially reduce the number of sets in circulation, but also provide a new source of instruments which can be utilised in the formation of new trays.

For further information please contact Colin Brook - Aesculap Consultancy on 0439 939 160 or colin.brook@bbraun.com

B. Braun Australia Pty Ltd | Bella Vista NSW 2153 | Tel: 1800 251 705 | Fax: 1800 628 045 | www.bbraun.com.au | info.au@bbraun.com

Aesculap Technical Service

B. Braun Aesculap Technical Services (ATS) was established in Australia in 2008, sharing our expertise and providing a professional repair service to Customers within Australia & New Zealand.

- 🔧 Aesculap equivalent replacement items (where possible), for competitor instruments that can no longer be repaired.
- 🔧 Aesculap Pool Needle Holder Service.
- 🔧 Laser Marking Service

Inventory Management & Tracking Solutions

The Aesculap instacount® PLUS solution provides a full closed loop of traceability and accountability. Items can be tracked through the entire process showing all parameters are met according to standards. The system has the full capacity to interface with leading manufacturers equipment and 3rd party software solutions. We can build the system around your specific requirements and hospital specifications using modular implementation.

The system provides:

- 🔧 Phased Implementation
- 🔧 Ease of Use by all staff
- 🔧 Closed loop traceability
- 🔧 Latest technology
- 🔧 Standards compliant
- 🔧 Strong network of users
- 🔧 Sterile goods data analysis

Whiteley Medical

A new
beginning...

GENESIS

multi-function machine detergent

Insist on **Whiteley Medical** when ordering your Sterilising products

BENEFITS:

- Concentrated formula with minimal foaming.
- Cost savings with lower dosage and less inventory required.
- Compatible with commercially available simulated soil tests (including Browne's, TOSI and Edinburgh Soil Tests).
- Complies to requirements of ISO 15883-1:2006.
- Excellent materials compatibility with medical instruments.
- Suitable for use in hard and soft water.
- Excellent rinsability.
- Contains corrosion inhibitor.
- ARTG No: 125529

GENESIS is a pH neutral, multi-function, enzymatic machine detergent developed for the automated cleaning of medical instruments. Its revolutionary formula utilises complex surfactant technology to produce superior cleaning efficacy on medical instruments with minimal foaming.

To arrange an In-servicing session or product trial for your facility please contact marketing@whiteley.com.au or call 1800 833 566.

Whiteley Medical 

Paul Bishop - Educational Memorial Grant

Paul was a happy placid & "gentle man".

A lover of all things sports, Kiwi & food & wine.

He commenced his working life within operating theatres & hospitals as a theatre orderly soon moving into the sterilising department. Due no doubt to his passion to do things well, right, & lead a team of hard workers known as sterilising technicians.

He also had the ability to support his staff & protect them from the never ending challenges of theatre nurses & the demands of being at the coal face. From his sterilising management days he learnt many things apart from people skills, his knowledge base grew & grew of things centred around cleaning, disinfecting & sterilising.

Although other significant management, sales & human resources jobs followed, Paul was eventually to find himself working for Whiteley Medical where he felt immediately "at home". Always knowledgeable, supportive & helpful to his customers his smiling face was well known & welcomed & very much respected.

Paul Bishop - 14.8.53 - 18.3.2013

His battle with cancer was truly brave, honest & hard fought, with very little effort shown to those near him.

He would be truly honoured to know that a memorial award was established bearing his name & specifically for those graduates new in entering what Paul believed to be the core of the hospital & essential to patient care.

He would wish you well & tell you to have honesty, integrity & a caring nature in what you do & remind you, you are a part of a hard working team involved of indirect patient care which is just as important as direct patient care.

Whiteley Medical proudly sponsoring 20 sterilization graduates in memory of Paul Bishop, for S.R.A.C.A NSW 2016 membership.

PROTECTION

You'll be wrapped in

Pro-Zone +2

Multigate's new ProZone+2 sterilisation wrap aims to revolutionise the way wraps are used.

ProZone+2 boasts many features:

- Excellent microbial barrier.
- Softer fabric – gentle on hands.
- Innovative use of 2 tones – Blue and Lilac – enabling clinicians to rapidly identify tears / damage to sterilised packs.
- Versatile: available in 3 wrap weights:
 - 47gsm
 - 61gsm
 - 75gsm

Tests show ProZone+2 wrap offers:

- Excellent resistance to abrasion when correct storage and handling techniques are observed.
- Compatibility to a broad range of sterilants.
- Excellent drape ability.
- Extremely cost effective.

Standards Compliance:

- AS / NZ 4087: 2014
- ISO 11607-1
- ISO 11607-2

Pro-Zone +2 is compatible with:

- Steam
- ETO
- Low temperature gas plasma
- Low temperature steam / formaldehyde

Applying for a Research Grant

**Sterilizing Research Advisory
Council of Australia**

Expression of interest for The Sterilizing Industry

Applying for a Research Grant

FEDERATION STERILIZING RESEARCH ADVISORY COUNCIL OF AUSTRALIA

INVITE ALL FINANCIAL MEMBERS OF SRACA to apply for a research grant of up to \$1400.00

This package includes;

- Information
- Guidelines
- Application form

You can request your package from your State Secretary, or download from your State or Federal website.

Applying for a Research Grant...continued

Purpose

To provide financial assistance, to promote research and develop skills to ensure the sterilizing industry is contributing to quality patient care.

Value

Maximum \$1,400.00

1. Selection criteria

- Financial assistance will be considered for projects which would be relevant and beneficial to both the applicant and those involved in the field of sterilization.

2. Eligibility

- Highly developed written and oral skills
- State SRACA membership number and proof you are a current active member.
- Be a full member of a state SRACA and have been a member of a state SRACA for a minimum of two years immediately prior to submitting an application
- Be currently employed in the field of sterilization and have been employed in the field of sterilization for a minimum of two years immediately prior to submitting an application
- Has attended SRACA meetings and educational activities during the two years immediately prior to submitting an application.
- Be actively involved in his/her state SRACA. Active involvement is considered to include but is not limited to:-
Willingness to serve on SRACA committee or sub-committee
Promotion of SRACA activities
- Applicants shall submit information about any application for funding from an alternative source/s for the same purpose.
- Only one research grant will be awarded annually.

3. Application Guidelines

- Application forms are available from both FSRACA and SRACA State secretaries
- Applicants should submit a completed type written application form
- Comprehensive Curriculum Vitae, which show details of work and education qualifications.
- Full details of the project, including the objectives, the methodology of the research, the outcome and how the research can enhance sterilization and the estimated or actual budget.
- The proposed project must have commenced within 12 months from receipt of the research grant.
- Within four weeks of completing the research project the recipient will need to submit a type written report outlining the project
- The recipient of a FSRACA grant shall:
Be prepared to speak on the funded project at FSRACA and /or SRACA meetings, conferences or workshops

Applying for a Research Grant...continued

- The report may be published in the “Sterilization in Australia” Journal or in an appropriate national professional Journal at the discretion of the editor.
- The recipient will submit progress reports to FSRACA if requested to do so.
- Papers and reports shall not be returned to the grant recipient by FSRACA committee.
- Projects involving human bioethics shall show proof of permission by the people and/or organization/s concerned.
- The grant may fund all or part of the project
- The grant will be available only once to any individual.

4. Selection

- Completed application forms together with all supporting documentation shall be submitted to the Secretary of the state SRACA of which the applicant is a member, by 31 December each year.
- The state SRACA committee will determine whether eligibility requirements (as set out in this document) have been met.
- All applications will be forwarded by SRACA to the FSRACA Secretary together with a State committee recommendation.
- The applications shall be assessed at a meeting of the FSRACA committee.
- The decision of FSRACA committee shall be final and binding on all matters.
- Confidentiality of the selection process shall be upheld by all those involved.
- The names of successful applicants, together with an outline of project and funds granted, will be published in the minutes of FSRACA meeting.

5. Publication

- Grant recipients shall retain copyright of all papers/reports submitted to FSRACA

6. Financial Considerations

- Applicant shall submit a statement of proposed expenditure for the proposed project.
- FSRACA committee reserves the right to cancel the grant and request return of any monies granted should the recipient fail to pursue the purpose for which the grant was awarded.

7. Alternative Funding

- FSRACA financial grants are conditioned upon the applicant informing FSRACA at any time should funding received exceed the total cost of the project.
- FSRACA committee reserves the right to request the return of monies over and above full funding.
